Product Description

New Holland RF Fixed Chamber Round Balers

SIMPLE. AFFORDABLE. ADAPTABLE. RF Series round balers are simple to operate, affordable to own, and capable of baling in all types of crop conditions.

QUICK, SURE BALE STARTS A combination of floor rolls and closely spaced slats start the bale quickly and compress crop for consistent density.

SIMPLE BALE DENSITY ADJUSTMENTS Three color-coded mechanical settings make changing bale density easy.

NET, TWINE OR BOTH The Auto-Wrap™ system automatically begins wrapping bales when they are fully formed.
