Product Description

New Holland T5.90 T5 Series Utility Tractor

T5 Series tractors are designed to spend more time working around your farm and less time on maintenance. Engine oil check and fill points are easy to reach, with no need to lift the hood. This makes routine checks faster and servicing simpler. The long, 600-hour engine oil change interval helps too, so your T5 tractor spends more time working, less time servicing.

OUTSTANDING VERSATILITY T5 Series models range from 73 to 110 PTO horsepower. Choose between three frame sizes and four transmission options.

EFFICIENT ENGINES Durable, fuel-efficient 4-cylinder engines help reduce your fuel bills and reduce emissions using the latest emission technology from FPT Industrial.

TAKE COMMAND Choose from the 24x24 Dual Command™ Hi-Lo transmission, the 16x16 Electro Command™ semi-powershift transmission, the 24x24 Dynamic Command™ 8-step semi-powershift, or the Auto Command™ CVT.

UNSURPASSED COMFORT Models with Dynamic and Auto Command transmission benefit from the spacious Horizon™ cab, while those equipped with an Electro or Dual Command feature the incredible visibility of the VisionView™ cab.
