Product Description

CID X-Treme Duty 72" Pick Up Broom

The Pickup Broom enhances efficiency while cleaning, effortlessly tackling dirt, light snow, or other debris. The 8" hub and 26" wafers sweep material into the bucket. The heavy duty screws easily and consistently adjust the height of the whole broom moving up or down where the bristles and cutting edge hit. All common wear and fail points are made with extra welds or more durable components than our competitors. Poly, Steel, or Mixed Wafers are available.
