### Product Description

## CID Heavy Duty 60" Brush Cutter

Our Heavy Duty Brush Cutter is designed for those who need to clear large areas of undergrowth and small trees. Available with a 60" or 72" mowing deck, it features an RC100 gearbox and a Parker motor. It also comes with a fabricated blade holder and bidirectional blades. A hydraulic flow of 14-20 GPM is required. Please note, the one-year warranty does not cover the blades or hoses.
