Product Description

Werk-Brau: Mini Excavator Skeleton Rock Bucket

Recommended Applications

Specifically designed to handle loose rock, separating large rock and or debris from smaller loose material. Engineered to dig in heavy duty rock applications.

Quality Construction

High strength, T-1 steel is utilized in all critical wear points of the bucket. Abrasion-resistant steel is used in wear-plates to reinforce bottom of bucket. Each bucket is engineered with tapered side plates to reduce wear on the buckets sides, and to allow for easier dumping.
