Product Description

EB910RT Backpack Blower

Shindaiwa Blowers feature two of the largest displacement engines in the backpack market and two of the most powerful handheld models. Each backpack model features double-adjusting shoulder straps, padded backrests, and ergonomically positioned controls for all-day comfort. The handheld blower is durable and powerful, offering excellent fuel efficiency.

Features:

- 79.9 cc 2-stroke gas engine
 - Large top-mounted 2-stage filter with tool-less access
 - Carbon fiber frame & fan case for light weight and high strength
 - 91 mm Posi-loc™ pipes for maximum air flow
 - Patented wear ring for increased durability
 - Vented backpack system provides cooling air for hot weather use
 - Heavy-duty straps for all day comfort
-
